

Sequence Listing.

**REMARKS**

In response to the Notice to File Missing Parts dated May 14, 2001, Applicants submitted a substitute computer readable form (CRF) of the Sequence Listing and Sequence Statement Pursuant to 37 C.F.R. §1.821. However, a second notice was mailed on August 16, 2001 (Notice of Incomplete Reply (Nonprovisional)) requesting that Applicants submit the same items.

Applicants' representative has made several attempts to contact the Initial Patent Examination Division by telephone and facsimile to inquire about the nature of the asserted failure to submit a complete reply to the aforementioned Notice. Applicants' attempts to obtain clarification have failed. Accordingly, Applicants respectfully request clarification herein and submit substitute paper and computer readable copies of the sequence listing to address the undefined problem.

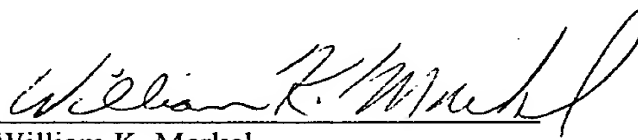

Applicants request entry of the foregoing amendment to insert a substitute Sequence Listing in the above-identified application and submit herewith a substitute Sequence Listing in both computer readable and paper forms, along with a Statement Pursuant to 37 C.F.R. §1.825 that the disclosures in the computer readable and paper forms are the same and do not introduce new matter into the application.

Respectfully submitted,
